

RAJENDRA NARAYAN SAHOO

Hyderabad, India | +91 99388 00716 | rnarayan.sahoo@outlook.com

PROFESSIONAL SUMMARY

Java Backend Developer with 2.5 years of experience building scalable enterprise applications, ERP systems, and cloud-based platforms using Java, Spring Boot, REST APIs, and SQL. Proficient in backend debugging and root cause analysis, with full-stack exposure to Angular and third-party integrations (AWS, Docker, Email/SMS gateways). Seeking a backend-focused development role.

TECHNICAL SKILLS

- **Languages & Frameworks:** Java (8/21), Spring Boot (3.x), Spring Security, Hibernate, Spring Data JPA, REST APIs
- **Frontend & Scripting:** Angular (up to v17), TypeScript, JavaScript, HTML5, CSS3, Bootstrap
- **Databases & Messaging:** MySQL, PostgreSQL, Apache Kafka (Producer/Consumer basics)
- **Cloud & DevOps:** AWS (EC2, S3, Lambda), Docker, GitHub Actions, CI/CD, Git, Maven
- **Integrations & Tools:** Postman, IntelliJ IDEA, Jira, WhatsApp API, SMS Gateway, Email Services

PROFESSIONAL EXPERIENCE

Tech Mahindra <i>Software Engineer</i>	Hyderabad, India March 2024 – Present
--	--

- Worked as a Java backend developer on strategic sourcing modules supporting enterprise procurement workflows.
- Performed root cause analysis of production and internal issues by debugging Java/Spring Boot services and reproducing issues locally.
- Implemented code fixes and data corrections using Java and JavaScript, following enterprise approval processes.
- Delivered fixes through Git-based workflows in collaboration with senior engineers for review and validation.
- Analyzed Angular UI issues to trace API calls, request payloads, and error handling, enabling faster backend issue resolution.
- Managed incidents using Agile workflows while consistently meeting SLA requirements.

Nirmalya Labs Pvt. Ltd. <i>Software Engineer Trainee</i>	Bhubaneswar, India January 2022 – June 2022
--	--

- Developed a Human Resource Management System (HRMS) to automate employee verification and approval workflows.
- Designed and implemented RESTful APIs using Spring Boot for policy management and reimbursements.
- Integrated UI components with backend services.
- Performed API testing using Postman to ensure data accuracy and system reliability.

PROJECTS

AgriERP (Enterprise Agriculture ERP)	Architecture & Development
---	----------------------------

- Architecting a multi-tenant ERP platform for managing seeds, pesticides, warehouse inventory, and CRM.
- Developing backend services using **Java 21, Spring Boot 3, and Spring Security**, with a **PostgreSQL** database.
- Implementing automated CI/CD pipelines via **GitHub Actions** and containerizing the application with **Docker**.

Healthcare Digital Platform (Enterprise HMS)	Completed
---	-----------

- Developed a comprehensive Cloud ERP for healthcare, featuring attendance, payroll, and a digital marketing portal.
- Built scalable backend REST APIs using **Java, Spring Boot, and Hibernate**, deployed on **AWS**.
- Integrated third-party communication services, including Email, SMS, and WhatsApp APIs for notifications.

PNS India (Medical Home Service Application)

Ongoing Development

- Building a live platform (pnsindia.in) enabling patients to book home healthcare services and manage appointments.
- Implementing secure contact management, admin dashboards, and notification systems using frontend web technologies and WhatsApp integration.

Oddiyana Tours & Travels

Live (Enhancement Ongoing)

- Developed and maintain a responsive travel portal (oddiyanatourstravels.com) featuring tour packages and SEO optimization.
- Engineered customer inquiry workflows utilizing Email services and SMS gateways for instant lead capturing.

EDUCATION

Master of Computer Applications (MCA)

2022

Silicon Institute of Technology, Bhubaneswar

CERTIFICATIONS

-
- Oracle Certified Java SE 8 Programmer
 - AWS Cloud Practitioner
 - Microsoft Copilot
 - Google Coursera IT Fundamentals Certification
